***** Fireworks or Fire Crackers *****

NOTE: No one is allowed to discharge fireworks within the municipality without written consent from the Larder Lake Fire Department.

This is a reminder that you would be found criminally responsible for any resulting fire; it could be your neighbour's house, or possibly your own.

The possible liability on you for this unsafe act would be enormous.

For further information, please contact Fire Chief, Ron Jacques.

Thank you for your co-operation.

***** Parking Issues *****

In the past there have been incidents whereby residents are parking their cars, trucks and transports on the shoulder of the street and therefore impeding the flow of traffic. Please be advised that the shoulders of many of the streets are too narrow to accommodate the parking of vehicles without affecting the two way traffic on those streets and therefore it has been necessary to approach some property owners and request that they discontinue parking in this manner. The Township of Larder Lake is requesting that residents do not park their vehicles so that the traffic is affected or it will be necessary to declare that parking is prohibited on these streets. You will be requested by way of a letter from the Township of Larder Lake to move your vehicle if it is determined that your parked vehicle is affecting the flow of traffic. If cooperation can not be obtained, it will become necessary to prohibit parking on these narrow streets and your vehicle will be towed away at your cost.

The Township of Larder Lake would like to thank the residents of the community in advance for their cooperation!
