Attn: Anne Kmyta, Clerk-Treasurer

Dear Ms. Kmyta,

Re: Planned Maintenance on Highway 624

I am pleased to have the opportunity to respond to your concerns regarding our plans for the rehabilitation of Highway 624.

Currently this highway is subject to reduced loads to allow the highway sufficient time to thaw and our maintenance forces are monitoring the condition on a daily basis. Pothole patching and grading of the gravel areas are being carried out as required.

I can also tell you that we are in the process of tendering a project that will see grading, drainage and granular base improvements as well as surface treatment over a significant portion of the highway and certainly over those areas that currently have a granular surface.

I would also like to take this opportunity to thank the residents of Larder Lake and Gauthier Township for their continued patience and understanding as we carry out these improvements.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeremy Landry".

Jeremy Landry
Maintenance Superintendent
